# THE UNITED STATES NAVAL ACADEMY

---

## HISTORICAL SKETCH

The United States Naval Academy is an institution of higher education conducted by the Navy Department for the purpose of preparing young men to enter the lowest commissioned ranks of the Navy and Marine Corps. It was founded as the Naval School in 1845 by the Honorable George Bancroft, historian, educator, and Secretary of the Navy, to improve the then unsatisfactory methods of instructing midshipmen. It was located at Annapolis, Md., on the site occupied by Fort Severn, which was given up for the purpose by the War Department. At first the course was 5 years, of which only the first and last were spent at the school, the intervening 3 years being spent on board ships on active service. It was reorganized in 1850-51 as the United States Naval Academy, with a course of study of 4 consecutive years. A summer practice cruise replaced the omitted sea service, and gave better opportunities for intensive training. During the Civil War the Academy was moved to Newport, R. I., but was brought back to Annapolis in 1865, where it has since remained. In the following years great improvements were effected in the organization and curriculum. From 1873 to 1912 the academic course was 6 years, the last 2 of which were spent at sea. In 1912 the course was fixed at 4 years, the 2 years at sea being omitted. During the Civil, Spanish-American, and World Wars, the course was shortened to provide more officers for the fleets. During the World Wars large classes of Reserve officers and Reserve midshipmen were trained at the Academy.

The students undergoing the course at the Naval Academy have been called in turn, acting midshipmen, midshipmen, cadet midshipmen and cadet engineers, naval cadets, and since the act of Congress approved July 1, 1902, midshipmen. A midshipman is an officer in a qualified sense. He is appointed a midshipman in the Navy, not merely at the Naval Academy, is subject to the orders and regulations of the Navy Department, but does not now participate in the benefits of retirement or longevity. He may be ordered to sea duty although this is not customary except on practice cruises. He ranks after a commissioned warrant officer, and ahead of a warrant officer. Upon graduation he may be commissioned an ensign in the line of the Navy, or a staff corps, or as a second lieutenant in the Marine Corps. In addition, 206 members of the class of 1957 were commissioned as second lieutenants in the United States Air Force in accordance with instructions of the Secretary of Defense.

Under the Superintendent, the Academy is organized into the following departments: The executive department headed by the commandant of midshipmen who is charged with leadership instruction, interior discipline, drills, and tactical instruction; and the departments of seamanship and navigation, ordnance and gunnery, marine engineering, aviation, mathematics, electrical engineering, English, history, and government, foreign languages, hygiene and physical education. At present about 25 percent of the academic work is

devoted to the social-humanistic subjects, about 50 percent to the scientific-engineering subjects, and about 25 percent to the military-professional subjects.

The Naval Academy Library comprises about 150,600 volumes, with many popular, technical and naval magazines. The collection of naval histories and of naval biographies, of works on the development of various types of ships, of seamanship, navigation, aeronautics, ordnance and gunnery is especially strong. It is well developed in history, biography, international law and relations, travel, and in reference works, with other subjects in less degree. In addition, a collection of the best current fiction is maintained for recreational reading.

Beginning in the year 1899, following an appropriation of \$10,000,000 by Congress for the purpose, the Naval Academy was almost completely rebuilt in the French Renaissance style after the designs of the architect, Mr. Ernest Flagg, of New York. The grounds of the Academy proper now comprise 256 acres (Government-owned) and 17.26 acres (leased) along the west bank of the Severn River, on which are 295 buildings with equipment totaling an original cost of \$39,285,389.

An act of Congress approved on May 25, 1933, authorized the Superintendent to confer the degree of bachelor of science upon all graduates from and after the date of the accrediting of the Academy by the Association of American Universities. That association had placed the Naval Academy on its approved list on October 25, 1930, and graduates commencing with the class of 1931 became eligible for the degree. By virtue of an act of Congress approved July 8, 1937, the Superintendent is now authorized to confer the degree upon all living graduates.

The total number of graduates of the United States Naval Academy, including the class of 1957, is 27,330.

The administration of the Naval Academy is under the Bureau of Naval Personnel, Department of the Navy, Washington, D. C. Entrance requirements are fully set forth in the pamphlet Regulations Governing the Admission of Candidates Into the United States Naval Academy as Midshipmen, copies of which may be obtained by application to the Bureau of Naval Personnel. A description of the course of instruction is contained in the pamphlet, Course of Instruction at the United States Naval Academy, Annapolis, Md., copies of which may be had by applying to the Academy.

## EXPLANATION OF SYMBOLS USED IN THE LIST OF MIDSHIPMEN OF THE FOURTH CLASS TO INDICATE METHOD OF QUALIFYING SCHOLASTICALLY AND SOURCE OF APPOINTMENT DATA GIVEN IN THE COLUMN HEADED "APPOINTED FROM"

Methods of qualifying scholastically:

*C*—Qualified by the college certificate method.

*S*—Qualified by the certificate-substantiating examination method.

*R*—Qualified by passing the regular entrance examination.

*States and Territories*.—Entered in accordance with the provisions of the law which allows five midshipmen for each Senator, Representative, and Delegate in Congress.

*Navy or Marine Corps*.—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 160 appointments annually from among the enlisted personnel of the Regular Navy or Marine Corps.

*Naval Reserve or Marine Corps Reserve*.—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 160 appointments annually from among the enlisted personnel of the Naval Reserve or Marine Corps Reserve.

*Presidential*.—Entered by competitive examination under the provisions of the law which authorizes the President of the United States to make 75 appointments annually from the United States at large.

In the event that the quota of midshipmen authorized by law to be appointed annually to the Naval Academy from (1) enlisted men of the United States Navy and Marine Corps, (2) enlisted men of the Naval Reserve or Marine Corps Reserve, or (3) by the President, at large, is not filled, the Secretary of the Navy may fill the vacancies in such quota by appointing other candidates from any other of such sources who were found best qualified on examination for admission into the Academy and not otherwise appointed.

*Vice Presidential*.—Entered in accordance with the law which authorizes five appointments at large by the Vice President of the United States.

*Honor Military School, Honor Naval School, or N. R. O. T. C.*—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 20 appointments each year from among honor graduates of honor military or naval schools and Naval Reserve Officers' Training Corps units.

*District of Columbia*.—Entered under the provisions of the law which authorizes the President of the United States to make five appointments from the District of Columbia.

*Public Law 228, 79th Cong.*—Entered under the provisions of an act of Congress which authorizes the President of the United States to appoint the sons of persons

who have been or shall hereafter be awarded a Medal of Honor in the name of Congress for acts performed while in any of the armed forces of the United States.

*Public Law 229, 79th Cong., as amended by Public Law 381, 83d Cong.*—Entered by competitive examination under the provisions of the law which authorizes the President of the United States to make 40 appointments from among the sons of members of the land, air or naval forces (including male and female members of the Army, Air Force, Navy, Marine Corps, and Coast Guard, and of all components thereof) of the United States, who were killed in action or have died, or may hereafter die, of wounds or injuries received, or disease contracted, or pre-existing injury or disease aggravated, in active service during (1) World War I or World War II; or (2) the period beginning 27 June 1950 and ending on 31 January 1955.

*Public Law 586, 81st Cong., 2d session.*—Entered under the provisions of an act of Congress approved June 30, 1950, which authorizes the Secretary of the Navy to appoint additional qualified alternates to meet the needs of the armed services, but not to exceed the authorized strength of the brigade of midshipmen. Such appointments are in addition to, and not in lieu of, appointments otherwise authorized by law.

*Puerto Rico (Gov.) and (Res. Com.).*—Entered in accordance with the provisions of laws which allows one midshipman from Puerto Rico appointed by the President on the recommendation of the Governor of Puerto Rico and five midshipmen appointed on the nomination of the Resident Commissioner.

*Canal Zone.*—Entered in accordance with the provisions of the law which allows one midshipman from among the sons of civilians residing in the Canal Zone and the sons of civilian employees of the United States Government and the Panama Railroad Co. residing in the Republic of Panama, whose appointment shall be made by the Secretary of the Navy on the recommendation of the Governor of the Panama Canal.

*American Republics and Canada.*—Entered in accordance with the provisions of the law which provides that the Secretary of the Navy is authorized to permit upon designation of the President of the United States, not exceeding 20 persons at a time from the American Republics (other than the United States) and Canada and not more than 3 from any of such Republics and Canada to receive instruction at the Naval Academy at the same time. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy.

*Philippine Islands.*—Entered in accordance with the provisions of the law which provides that the Secretary of the Navy is authorized to permit upon designation of the President of the United States, not exceeding four Filipinos at a time to receive instruction at the Naval Academy. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy.

## *First Class (1958) Fleet Cruise*

There were 186 midshipmen first class assigned to operating units of the Sixth Fleet, including one aircraft carrier and sixteen destroyers. The midshipmen participating in the Fleet Cruise were flown on June 8 to the Mediterranean where they boarded their assigned ships. During the last part of July, they returned to Norfolk, Va. and Newport, R. I. in destroyers completing duty with the Sixth Fleet.

## ANNUAL LEAVE

*First (1958) and Third (1960) Classes*

First and third class midshipmen were granted annual leave from August 5 to September 4, 1957.

*Second Class (1959)*

Second class midshipmen were divided into three battalions with approximately 290 midshipmen in each battalion for the summer period. The training consisted of four phases as follows:

## TRAMID

Midshipmen second class participated in two weeks of amphibious training at the Naval Amphibious Base, Little Creek, Virginia, during the period June 8 to June 21. Participating also were elements of the Atlantic Fleet, including Fleet Marine Force and Amphibious Force units.

## AIRCRAFT CARRIER CRUISES

Each of the three battalions of midshipmen second class embarked in the U. S. S. *Valley Forge* (CVS-45) for a twelve day cruise. The first and second cruises visited New York City, and the third cruise visited Bermuda, B. W. I. The three cruise periods were 2 July to 13 July, 13 July to 24 July, and 25 July to 3 August. The training during this period included a comprehensive lecture program on the organization and operation of the carrier and its air group. These lectures were supplemented by demonstrations and exercises in which the midshipmen took part. Each midshipman participated in a carrier take-off and landing.

NAVAL ACADEMY AND OCEANA TRAINING PERIOD, INCLUDING  
FIELD TRIPS

The Naval Academy period included flying and practical ground instruction as well as a lecture-discussion program. Flights, under dual flight instruction, in training (N3N) and patrol (UF) planes were made by the entire second class. Ground instruction in matters directly relating to flying, such as flight safety, flight equipment usage, aerial navigation, and airborne electronics was given. The third battalion trained at Oceana Naval Air Station from 22 June to 27 June. This training included high altitude chamber and ejection seat indoctrination. The midshipmen were given one flight in a jet night fighter (F3D) and were assigned to a squadron to observe the duties and aircraft of that unit. Another phase of the training included tower procedures and station operations.

Field trips during this period included a visit to the Quantico Marine Base by all three Battalions where they observed demonstrations in air to ground vertical envelopment with and without nuclear ordnance. The second and third battalions visited the Martin Company plant in Baltimore where they observed aircraft development and production. The first battalion visited the Naval Ordnance Laboratory at White Oaks, Maryland and observed operations of wind tunnels and ordnance development. The third battalion visited the Grumman Aircraft Plant in Bethpage, Long Island, to observe aircraft development and production at that plant. The third battalion also participated in a five day field trip in the Philadelphia area visiting the Naval Air Development Center, Damage Control Training Center, the Naval Air Materiel Center and the Naval Shipyard.

## PENSACOLA TRAINING PERIOD

The first and second battalion midshipmen in the second class underwent training at Pensacola, Florida, during 22 June to 13 July, and 13 July to 3 August, respectively. The midshipmen attended lectures and demonstrations and generally took advantage of opportunities for training in the Naval Air Training Command. Each midshipman participated in at least seven flights in training aircraft T34 and T28. Super constellation flights were also conducted for midshipmen training. In addition to the foregoing training, an appropriate schedule of social affairs and entertainment was afforded all members of these two battalions of the second class at the Naval Air Training Command and Pensacola.

## SECOND CLASS WITH FOURTH CLASS SUMMER PROGRAM

Seventy midshipmen second class were assigned to the fourth class summer program to assist in the indoctrination and training of the fourth class. These midshipmen were divided into two groups of 35 midshipmen each. Both groups attended TRAMID training at Little Creek, Virginia, followed by the Fleet Aviation Indoctrination phase of training at NAS, Oceana, Virginia. Both groups received flight indoctrination at the Naval Academy. One group was granted leave during the period 29 June-29 July, the other group was granted leave 3 August to 4 September 1957.

## ANNUAL LEAVE

Leave was granted midshipmen of the second class from August 3 to September 4, 1957, except as noted in the preceding paragraph.
